FAMINE PREVENTION TO BE FIGHTED IN CHINA

Lamont Announces Project of
Relief Fund Committee
He Headed.

\$900,000 CASH ON HAND

Peking and Nanking Colleges
to Be Heavily Endowed
Working Centers.

Plans for the prevention of famine in China have been made by the executive committee of the China Famine Fund, of which Thomas W. Lamont is chairman. Two Chinese colleges have been endowed with funds to provide for scientific study and education in agriculture and forestry. The money for this work will be forthcoming from the balance left from the \$7,750,000 donated by the American people for the relief of millions of starving Chinese in the winter and spring of 1921. All demands on the committee from the Chinese have been met and the cash surplus amounts to approximately \$900,000.

Thomas W. Lamont made the following statement yesterday:

"After the committee had met all demands for famine relief in China, including those caused by the recurrence of want in the first half of 1922, there remained the surplus of the offering of the American people to the provinces of China stricken by starvation in 1920-21 a balance of approximately \$900,000. The executive committee has determined to devote this surplus to the prevention of famine in China, by scientific study and by education in agriculture and forestry."

Colleges to Be Centers.

"After consulting with the American advisory committee, organized at Peking under the leadership of the American Minister, the plan to undertake famine prevention has been based upon the creation of a conditional trust, which is to last for ten years. Nanking University and Peking University have been selected as the educational centers for the work, and there will be placed in the hands of a trustee \$675,000 for the first named college, and \$225,000 for the second, as the trust reflects to be used for the study and investigation of famine causes, prevention and relief and as a means thereto for the education of the Chinese in agriculture and forestry."

"Expenditures from the principal of either sum can be made only with the approval of the China Famine Fund committee, which is to be composed of five American residents of China, serving without pay. Two of these committees are to be selected by the American Minister to China, and two by the committee on reference and counsel, Foreign Missions Conference of North America. These four are to select the fifth."

"The universities are required to inform the committee of all proposed expenditures and the committee has authority to revise them. Compensation from the fund is limited to those actually engaged in carrying out the purposes of the trust."

Emergency Fund Reserved.

"There has been reserved from the two grants for five years an emergency fund of \$100,000 for use as a nucleus to start a campaign for famine relief in China should such an operation be necessary."

"At the end of ten years the China Famine Fund Committee, created by the trust, may direct the trustee finally to surrender control of the funds to the two universities, in sums appropriated by the committee or if the administration by the universities has not been satisfactory it may withdraw them entirely and direct the trustee to apply them to other uses within the purpose of the plan."

The members of the executive committee of the China Famine Fund are: Unon N. Bethell, Graham Patterson, Dr. Robert E. Sher, Dr. Frank Mason, Dr. Robert H. Wood, John P. Price, Jones, H. T. S. Greene, William H. Taft, Dr. Livingston Farrand, George Horace Lorimer, Galen L. Stone, John Jay Abbott, Festus J. Wade, Robert Dellar, Mortimer L. Schiff and Arthur B. Parker.

CANADA USES MOST BUTTER.

Toronto, Nov. 26.—Canada leads in a list of thirteen nations in the per capita consumption of butter. Each person in Canada is credited with consuming twenty-seven pounds of butter a year, compared with fifteen pounds in the United States. Sweden leads in the consumption of milk, and Switzerland leads in cheese eating, the average for each person being twenty-six pounds a year.

LOVELIEST OF STOWAWAYS AGAIN BALKS DEPORTATION

Russian Girl, Caught Aboard the Manitoba in July, Is
Sponsored by Wife of Ship's Captain—Gets
Job With Red Cross Here.

Miss Jeannine Bonar, who arrived at Baltimore last July as a stowaway, was summoned to Ellis Island Saturday to explain why she is staying so long in this country without a bond, but after the immigration authorities had talked to her and to her friend, Mrs. Waldimir Knudsen of Tarrytown, N. Y., they marked the case "deferred" and Miss Bonar returned to the Knudsen home. Miss Bonar, who has been called "the loveliest stowaway that ever landed in America," said that she has been working at the headquarters of the American Red Cross in Madison avenue. She came to the United States on the steamship Manitoba, of which Mrs. Knudsen's husband is captain, and when the latter heard of her plight Mrs. Knudsen befriended the girl.

Mrs. Knudsen said yesterday that Capt. Knudsen would give any bond the Government might require.

Miss Bonar came here from Russia. She said she sneaked into this country to better her condition.

MOTORS KILL THREE AND HURT SEVERAL

Coroner Holds Driver Who
Ran Down Cyclist on Charge
of Manslaughter.

Three deaths from automobile accidents were reported yesterday and several persons were injured. John Woods, 15, of By on the Hudson, was riding a bicycle along the Boston Post road near Mount Vernon when a truck driven by Albert Klein of New Haven, Conn., ran over him. He was killed instantly.

Coroner Fitzgerald of White Plains, in holding Klein for the Grand Jury on a charge of manslaughter in the second degree, said the driver was criminally negligent.

An automobile in which four young men were returning to their homes from Bayshore, where they had taken part in a basketball game, crashed into a tree at Oakdale, L. I., early yesterday and Edward Diehlman, 24, of Richmond Hill, suffered injuries that resulted in his death. His companions were injured, but not seriously.

Frank Frisnelli, 40, of 141 Mott street, died in a New Rochelle hospital yesterday of injuries suffered a week ago in an automobile accident at Mamaroneck.

Mrs. Sarah Wise, 41, of 43 Fallsade avenue, The Bronx, suffered severe injuries last night in a motor collision at Fordham road and Grand Concourse. The Bronx. She was taken home after being attended at a hospital.

Mrs. Louise Schumacher, 60, of Flushing, suffered lacerations of the nose when struck by an automobile at Park avenue and Fifty-fifth street.

Daniel O'Grady, a New York policeman, was struck by an automobile on River road, Edgewater, N. J., last night. The motorist who ran him down did not stop his car. O'Grady suffered internal injuries, fracture of one leg and lacerations of the eye. He was taken to the Englewood hospital.

NEW FOREIGN TRADE BUREAU IS ADVISORY

National Council to Sponsor
System of Interchange
of Experiences.

Organization of a trade adviser service to act throughout the year as a medium for the interchange of experience on foreign trade problems was announced yesterday by the National Foreign Trade Council, India House, New York.

"This service," said O. K. Davis, secretary of the council, "is intended to provide foreign traders with a confidential answer to those intimate, personal or unusual problems which cannot be handled in a satisfactory manner through existing governmental or private agencies. It will be of very practical assistance to foreign traders in improving the technique of export organization, sales methods, foreign advertising, commercial credits, traffic management and similar practical matters."

"More than a hundred leading foreign trade executives from all parts of the United States and many lines of industry have agreed to cooperate in this work and to draw upon their own successful experience to help other foreign traders solve their problems."

"The trade adviser service of the Foreign Trade Council will enable the manufacturer entering the export field to obtain invaluable advice from those of more mature experience. It will provide the experienced manufacturer with an opportunity to check up his policies and methods with those of others equally or, perhaps, even more experienced in the same field."

"This advisory service is rendered without obligation to the inquirer and without remuneration to the adviser solely with the bigger and broader point in view of assisting in the development of American foreign trade."

"To obtain the benefits of this service the inquirer should submit his problem in writing to the trade adviser secretary of the National Foreign Trade Council, 1 Hanover square, New York, giving sufficient details and background to enable the advisers to visualize the problem in full. The inquiry then will be considered from all angles and the reply will contain a digest of the advice of some of the best brains in American foreign trade."

The general chairman of the trade adviser service is E. P. Thomas, president United States Steel Products Company, A. E. Ashburner, American Multigraph Sales Company, is vice chairman, and C. J. Warren, Remington Typewriter Company, is executive chairman.

The personnel of this service includes representative foreign traders in all parts of the United States, from such firms as the American Tool Works, National Cash Register Company, California Packing Corporation, Eastman Kodak Company, Hupp Motor Car Company, United States Rubber Export Company, Henry Dismont & Sons, West-Corn Wholesale Drug Company, Lawrence & Co., Sherwin-Williams Company, International Harvester Company, Walworth Watch Company, W. H. Knox & Co., Pillsbury Flour Mills Company, Barber Asphalt Company, H. Lindenberg Manufacturing, Oregon Export-Import Company, American Pitch Pine Export Company, Brown Shoe Company, Pfister & Vogel Leather Company and Carter's Ink Company.

CESARE THINKS LENINE DOESN'T LOOK SO ILL

Cartoonist Sees Billion Rubles
on Russian Gaming Table.

Oscar E. Cesare, cartoonist, returned yesterday by the Holland-America liner Nordam from a three months' trip to Russia. Although Lenin had been reported incurably ill, Cesare found him very active.

The Soviet Government has established gambling houses, receiving large royalties from them, and Cesare noticed on one lacocart table, such is the magnitude of Russian currency, more than a billion rubles at one time. He also was surprised to note large sums of real money, English and American. He bought a shirt for 90,000,000 rubles and was able to get a good meal for \$5,000,000. No brandy, whiskey or vodka can be had in Russia, he said, but there is plenty of beer and wine.

FIRE IN UNION STATION TIES UP RAIL TRAFFIC

Blaze at Springfield Causes
\$40,000 Damage.

SPRINGFIELD, Mass., Nov. 26.—Fire which swept through the north side of Union Station early tonight tied up traffic on all railroads entering this city and caused damage estimated at about \$40,000. The cause of the blaze is unknown.

Police officers, firemen and station and postal employees battled in clouds of smoke for nearly an hour to remove mail matter which was stored in one end of the building.

Passengers on trains were forced to leave the cars in the yards and make their way through darkness to the streets as all lights in both the north and south stations were extinguished. Express matter was carried from the station by employees and was not damaged.

10 MILLION IN SIGHT AFTER 34 YEAR SUIT

Decision for Texas Railroad
Stockholders Now Up to
U. S. Supreme Court.

GROUP HERE MADE FIGHT

Rights of Minority Involved
in Big Deal by the South-
ern Pacific.

If the United States Supreme Court finally upholds a decision just made by Judge Thomas I. Chatfield in the United States District Court in Brooklyn, a case which has been running in the courts for thirty-four years will be settled by awarding stock worth at least \$10,000,000 to a small group of stockholders in an old Texas railroad who stubbornly carried on a fight for all of that time against the Southern Pacific Railroad.

Henry L. Bogert, Townsend Lawrence, Anita Lawrence and others of a New York group now numbering about forty, declined in 1888 to consent to the taking over by the Southern Pacific of the Houston and Texas Central, in which they were minority stockholders. They refused to agree to the reorganization. Year after year, here in New York and elsewhere, in the State courts of Texas and New York, in the United States District Court, twice in the United States Supreme Court, the case has dragged its length with a persistently recalling the celebrated litigation of J. P. Morgan and J. P. Morgan, mentioned by Charles Dickens. Seven years ago Judge Chatfield decided that the minority stockholders, headed by Mr. Bogert, were entitled to receive from the Southern Pacific a little more than 25 per cent. of the capital stock of the Houston and Texas Central on the basis of about \$25 a share. This would make about \$10,000,000 for the minority shareholders. It was the first favorable decision for the minority in more than twenty-five years. It was affirmed by the Circuit Court of Appeals, but a technical reason made the United States Supreme Court remand the case to the United States District Court for hearing on specific points. It was those covered by Judge Chatfield in his decision. Now the case goes back to the highest court as the probable final step of all.

Houston and Texas Central stock is not a listed stock, but there have been unofficial estimates that it may be worth up to \$400 a share.

TIERNAN WINS BACK WIFE NO. 1 AND SON

Effects Reconciliation and
Recognizes Disputed Baby
as His Child.

BRIDE NO. 2 GOES HOME

Will Try to Unravel Tangle
in Regard to Her Own
Divorce.

SOUTH BEND, Nov. 26.—Another sensational phase in the marital relations of Prof. John P. Tiernan and Mrs. Augusta Tiernan, principals in the Poulin paternity case, developed to-day when the professor, whose decree of divorce from Mrs. Tiernan was invalidated yesterday by the local Superior Court following his marriage to Mrs. Blanche Brimmer, returned here and effected a reconciliation with the first Mrs. Tiernan.

Tiernan said he and Mrs. Tiernan had agreed to "patch up their differences." He also said he had agreed to recognize baby Billy, over whose paternity the recent Poulin-Tiernan case arose, as his son.

Tiernan said his Crown Point marriage Saturday was the result of "mental intoxication." He said he and Mrs. Tiernan would drop all actions looking to reopening the paternity case against Harry Poulin.

Tiernan came to South Bend this morning at 10 o'clock. He went immediately to the Tiernan home, and after a conference with his first wife issued a formal statement that the family had been reunited and that the paternity charge against Poulin would be dropped. Tiernan's cross bill for a divorce will be dismissed to-morrow, the former professor said. By an Indiana statute, he added, the second marriage is automatically invalidated. The vacating of the divorce decree restored the domestic relationship that existed prior to its granting.

SHOOT GARAGE OWNER.

Frank Sergi of 101 Sackett street, Brooklyn, who has a gasoline station at 316 Hamilton avenue, that borough, heard a sharp report yesterday morning as two men who had filled the tank of their car started to drive away. He felt a pain just below his right knee and found that he had been shot. Sergi said the men had paid for their gasoline and he knew of no reason why any one should have harmed him.

The Blue Book of Social Usage

Three Large Printings Within 30 Days

Manners Are Telltales of Men— Yes, and Women, Too

As our manners are polite or vulgar, so we are either admitted or denied admittance as an equal to the society of well-bred people.

The essence of good manners is a consideration for the feelings and rights of others. If parents could teach that kind of manners to their children they wouldn't need to worry so much about teaching them morals.

ETIQUETTE
In Society, In Business, In Politics, and At Home, which is aptly termed "The Blue Book of Social Usage," was written by Emily Post, author of "Purple and Fine Linen," "The Title Market," and other successful novels.

Just What to DO, SAY, and WEAR, by One of New York's Prominent Society Women—Philadelphia Inquirer

THE New York Tribune declares that "not since Mrs. Sherwood sponsored her book on etiquette some fifty years ago has any one so obviously well equipped appeared as authority on the subject."

This new book differs entirely from the many books of etiquette now before the public. It does not emphasize or accentuate the trivialities of polite conduct. Yet there is seemingly insignificant but really important knowledge, from the selection of a visiting card to the mystery of eating corn on the cob, that is fully revealed. Matters of clothes for men and women are treated with the same fullness of information and accuracy of taste as are questions of the furnishing of their houses and the training of their minds to social intercourse. In a word, there is no exaggeration of minor details at the expense of the more important spirit of personal conduct and attitude of mind.

SHOULD BE IN EVERY LIBRARY
"This volume ought to be a compulsory addition to the libraries of the society folk in every city in the world. I could even wish that the study of this volume might be added to the curriculum of every school, college and university in the United States."—Sun, Pittsburgh, Pa.

INFORMATION ON THOUSANDS OF SUBJECTS SUCH AS:
How strangers acquire social standing in a community.
When introductions are not necessary.
How a young girl is presented to society.
Engagements—Wedding gifts—Bridegroom and bridesmaids—Wedding clothes.
Letters of introduction and recommendation.
Country house hospitality—Week-ends.
What to wear in a restaurant.
Luncheons, afternoon teas, dinner parties.
Etiquette of the club, at the bridge table, and on the Golf Links.
How to invite a girl to supper.

Etiquette of the ballroom—How to ask for a dance.
Deportment at the opera and theatre.
Reproductions of correct forms for invitations. Phrases that are never uttered in best society.
The wording of a letter of thanks—Writing paper—How to address eminent personages—How to begin and end a letter.
Christenings.
Funerals.

In fact, there is no necessary detail of etiquette that is not clearly explained in brilliant literary style in this distinguished new volume.

FUNK & WAGNALLS COMPANY, 354-360 Fourth Ave., New York
